A Feat in Pronunciation.

The following rather curious piece of composition was recently placed upon the blackboard of a teacher's institute in Vermont, and the price of a Webster's dictionary offered to any person who could read it and pronounce every word correctly. The book was not carried off, however, as twelve was the lowest number of mistakes in pronunciation made: "A sacrilegious son of Belial, who suffered from bronchitis, having exhausted his finances in order to make good the deficit, resolved to ally himself to a comely, lenient and docile young lady of the Malay or Caucasian race. He accordingly purchased a calliope and coral necklace of the chameleon hue, and securing a suite of rooms at a principal hotel, he engaged the head waiter as his coadjutor. He then dispatched a letter in the most unexceptional caligraphy extant, inviting the young lady to a matinee. She revolted at the idea, refused to consider herself sacrificable to his desires, and sent a polite note of refusal, on receiving which he procured a carbine and a bowie knife, said that he would not now forge fetters hymeneal with the Queen, went to an isoolaed spot, severed his jugular vein and discharged the contents of his carbine in his abdomen. The debris was removed by the coroner." The mistakes in pronunciation were made on the following words: Sacrilegious, Belial, bronchitis, exhausted, finances, deficit, comely, lenient, docile, Malay, calliope, chameleon, suite, coadjutor, caligraphy, matinee, sacrificable, carbine, hymeneal, isolated, jugular and debris.

How Long A Horse Can Fast.

A Tanner experiment was made with a number of horses in Paris in 1876. The following results were obtained: 1. It was proved beyond a doubt that a horse can hold out for twenty-five days with any solid nourishment, provided it is supplied with sufficient and good drinking water. 2. A horse can barely hold out for five days without water. 3. If a horse is well fed for ten days, but insufficiently provided with water during the same period, it will not outlive the eleventh day. One horse, from which water had been entirely withheld for three days, drank on the fourth day sixty litres of water within three minutes. A horse which received no solid nourishment for twelve days was, nevertheless, in a condition on the twelfth day to draw a load of 270 kilos.

The judges at the Boston baby show, possibly mindful of the fury of a woman whose infant has been scorned, declared they could not decide which exhibits were best, and left the prizes to be awarded by the votes of the visitors.

EDITORIAL NOTES.

A subscriber writes to the GAZETTE concerning a political meeting which he alleges was held by the ladies of Wadsworth during the campaign. He reports an animated discussion which took place over the kind of a bird that was sure to be in the Presidential chair in case of the election of Garfield, but the matter is now too old to be of much interest, and the GAZETTE can find no room for the communication.

That editorial entitled "No Mincing Matters," whose appearance in the New York *Sun* struck terror into the hearts of the Democrats, is said to have been written by Charles A. Dana at the country house of S. J. Tilden after dinner, and to have been forwarded by a special messenger to the office of the *Sun* for publication in next morning's paper.

The *Bulletin* sums up the result of the election in California thus: "Hancock will have five electoral votes in California and Garfield one. The Republicans have elected two out of the four Congressmen. They will have a majority of the Joint Convention which secures to them the Senatorship. They will also have votes enough to organize the House."

The San Francisco *Daily Stock Report* says: "It is a fact too generally known to be longer kept out of the newspapers, that a movement is on foot to organize in this city an 'American Party,' which the promoters hope will become a national political party before the next Presidential campaign."

The other Democratic papers of the State unite in complimenting the Virginia *Chronicle* for the excellent fight it made during the campaign. The *Chronicle* was certainly the liveliest Democratic campaign paper on the coast.

There is more terror in the name of small-pox than in the disease itself. Only three deaths have occurred in San Francisco from small-pox during the present scare. Pie, hot biscuit and whiskey each number more victims every day.

The Democratic party in Oregon is completely demolished. Many old Democrats say they will never cast an another Democratic vote. This last campaign meant woodchuck or starvation to the Democratic party, and it didn't get the woodchuck.

Tennessee has elected to Congress a negro barber named Johnson. His oppenent was a white Democrat. Johnson entered the field only a week before the election. He got a majority of 1,000.

I. Glazier & Co., leading stock-brokers of San Francisco, are reported to be going out of business. Stock gambling seems to be falling away in San Francisco.

An official report of the census of South Carolina has come to hand. The State has a total population of 995,806, of whom 604,235 are colored and 391,071 white. Only 7,642 are of foreign birth.

Vaccination is compulsory in many parts of Germany and England. Some physicians bitterly oppose the practice, believing that it does more harm than good.

The story got about in San Francisco that two persons suffering from small-pox were found seated in a crowded horse-car. The *Call* says the report was probably a hoax.

The *Bee* of last evening estimated a majority of 287 for Hancock in California. The official returns in some counties will not be canvassed until next Monday.

This morning's *Enterprise* asserts that there is but one case of small-pox in Virginia.

Pacheo's election to Congress from the Fourth California District is certain.

Southern Nevada Railway.

On Saturday last, in Battle Mountain, the organization of the Southern Nevada Railway was perfected, and the articles of incorporation sent to Carson City for filing in the Secretary of State's office. Following are the officers of the company: President, Jos. Collett; Vice President, Anson Phelps Stokes; Secretary, C. W. Hinchcliffe; Treasurer, Jos. Collett. Directors—Jos. Collett, R. Amerman, A. A. Curtis, M. J. Farrell, A. Nicholls, D. B. Hatch, A. S. Stokes, W. B. Isham and B. B. Sherman. The Austin *Reveille* says: "It is the purpose of this company to commence operations just as soon as the weather will permit in the spring, and push the road through to Grantsville as fast as men and money can do it. The rolling stock and steel rails for the entire distance are already engaged."

Samuel Manuel, aged seventeen, a brakeman on the Nevada narrow-gauge railroad, was terribly mangled while coupling cars near Grass Valley Monday. Both legs will have to be amputated. The same young man had just recovered from a fracture received some weeks ago on the same road.

Change of Place.

Capt. T. B. Camp, formerly in the employ of D. A. Bender & Co., as manager of their Insurance Agency, is now engaged in the same capacity with Messrs. Paxton, Curtis & Co., at their Banking Office, corner 2d and Virginia streets, Reno, Nev., where he will be glad to see his former patrons, and all others who may wish to procure insurance or information on the subject. He will devote himself exclusively to insurance business, taking especial pains in the careful and proper wording of policies. The companies represented are among the oldest and strongest in the world. Risks accepted and made binding on the companies without reference to headquarters. Call and consult him before insuring elsewhere. oct28*

We represent seventeen of the leading foreign and American companies. Parties wishing first-class insurance should apply at our office. JOTTINGS.

—A nipping air last night.

—The pest house is being repaired.

—The Congregational Church Fair opens this evening.

—The County Commissioners will meet to-morrow to count the vote of Washoe county.

—Stocks showed a slight improvement this morning.

—Who is going to the Wadsworth dance and barbecue on Friday night?

—The storm on the mountains yesterday left the high ridge near Mt. Rose white with snow.

—Small-pox is one of those diseases for which many preventives are named. One of the best of these is said to be warm woolen clothing, such as every man can purchase at the White House.

A Little Affair in Benton.

Benton over in Mono county, though not so stirring as Bodie, is still a very lively camp, that is for a little camp. In a Benton saloon the other day three residents had some trouble and drew their six-shooters to settle it. Each fired six shots. The result of the engagement is thus described by the Candelaria *True Fissure*: "After the trouble was over it was discovered that Jim Miller was shot in the fleshy part of the left arm and that a ball had struck him just over the heart, but that a package of letters in his vest pocket had stopped it. Pat Guilfoyle, who was under arrest for beating a man over the head with a beer glass, and who rushed up to see the fun, caught a stray bullet in his leg, and wished he had been kept in jail instead of being out on his own recognizance. The men were only a few feet apart at the time of the shooting, and the local paper is so ashamed of the bad markemanship displayed that it doesn't say a word about the matter. No arrests."

VACANT HOUSES.

A Scarcity of Houses to Rent in Reno—Necessity for Repairing the Old Shells.

Reno, Nov. 9.

Editor Gazette.—I wish to call attention to the fact that there are a great many families moving into Reno just now, and houses are getting very scarce. In a week or two there will not be a vacant one to rent. While driving around town I have noticed a few shells of houses, that, if their owners would spend a few hundred dollars in repair on them, could be made to accommodate a few more families. We ought, by all means, try to accomodate all who wish to make Reno their home, either for the purpose of educating their children or other objects. Vacant houses are very unprofitable property as well as dangerous to adjoining ones, and, I might say, are an eye-sore to the town. There is an old, miserable looking, dilapidated shell of a house, located on the south side of Second street, opposite the residence of L. L. Crockett, the owner of which ought to either put it in a habitable condition or tear it down.

In conclusion, I wish the owners of all vacant houses (those not in a condition to rent, by reason of their dilapidated condition) would fix them up, so they can be occupied, for the reason thet I am of the opinion we will be short of from 20 to 30 tenement houses this coming winter. Financially it will be a great loss to the town if we cannot accommodate all who wish to make Reno their home. This is a matter which should be looked into by everybody who has an interest in the wellfare, growth and prosperity of our town.

C. S. Martin.

A Good Deal the Worse for Liquor.

Says the Winnemucca *Silver State*: "A young man who gave the name of E. M. Handy was put off a freight train at Golconda about 11 o'clock Saturday night. He appeared to be affected with delirium tremens, and moaned loudly, but piteously. His cries aroused the citizens of that peaceful burg, who provided him with shelter and gave him some coffee. Yesterday he started out of Lay's hotel and ran up the track like a frightenad deer. One of the Lay boys followed him on horseback and brought him back. S. S. Grass and George Berger brought him to town on last evening's train and put him in the jail. He says he is a painter by trade, and was on his way from Reno, where he had been at work, to Eureka. He refused to touch any kind of liquor, though he admitted he had been on a prolonged spree at Reno, which place he says he left last Friday."

Buy in the Cheapest Market.

The Virginia Foundry is now at work and ready for orders. Fourteen tons were cast last Monday, and every day or two a car load is turned out. The foundry is located right alongside the Central Pacific railroad. A side track runs under the eaves of the building, and cars can be loaded right from the moulds. The advantage Mr. Frazer has over other foundries in Virginia or San Francisco can easily be seen. Parties in Nevada ordering from here can save both time and money over any other foundry. The saving in wood alone is a very large item, and the freight on pig iron over the mountains is much less than on castings. See the advertisement.

The First Rotisserie.

The French rotisserie and restaurant opened this morning. It is a very neat and tidy place, and is in the excellent hands of N. Guerin, an experienced caterer. The range is out where it can be seen by all comers; opposite to it stands a table covered with tempting meats of every description. The customer looks them over and selects what he prefers, and it is cooked before his eyes. A side door on the alley opens into an entryway back of the gentlemen's dining room. From this a dining room in the rear of the building is reached, which is fitted up especially for families. Oysters will always be kept and can be had in any style. See the advertisement in another column.

The State University.

Says the Gold Hill *News*: The State University has not been a success, but the cause for that fact may be charged to the Legislature that located the institution at Elko. If it had been located at Reno, Carson, or at some town in the western part of Nevada, where there are pupils in sufficient numbers to fill it, it would now be a source of pride to our young State. The next Legislature should give this matter special attention. It will not do to abandon the University, and give up the land granted to the State for University purposes.

Reno R. A. Chapter, No 7.

There will be a called meeting Thursday evening, Nov. 11th, at 7:30 o'clock. A full attendance is desired. Sojourning companions in good standing fraternally invited to attend. By order of the H. P. J. DeBell,
Secretary.

The Lake Case.

The trial of the Lake divorce suit drew a number of ladies to the Court room yesterday afternoon. Mr. Varian's argument was concluded about 3 o'clock. He was followed by Mr. Boardman, also for the plaintiff, who spoke for upwards of an hour, touching upon various points of the evidence with his usual force and penetration. Court then adjourned until this morning.

This morning Gen. Clarke opened the argument for the defence. He busied himself for a time in scraping from his client the mud that had been thrown by the learned counsel for the plaintiff. The virtues of the defendant were made to shine before the jury in all their native lustre. The General reviewed minutely the evidence which had been submitted. He pointed out many instances of liberality manifested by the defendant towards plaintiff. He directed the attention of the jury to the fact that defendant had frequently spent money free on his wife, instancing the trip to San Francisco in which the plaintiff had traveled in first-class style and put up at a leading hotel. The facts, counsel urged, were inconsistent with the charges of meanness and cruelty preferred in plaintiff's complaint. Gen. Clarke spoke during the whole morning session, and had not concluded his argument when Court took a recess until 1 o'clock.

Gen. Clarke resumed his eloquent defence of his client this afternoon. He had not concluded at 3 o'clock. Gen. Kittrell was to follow. Mr. Lindsay will close for the plaintiff. It is unlikely that the case will go to the jury before to-morrow afternoon.

Lively Fight With a Bear.

W. D. Bullard of Michigan Bluff, Placer county, tells the Truckee *Republican* the following story of an encounter he had recently with a black bear over in Indian Canyon. On the morning of October 26th last, Mr. Bullard was hunting for some of his stock. As he was going down the canyon a bear cub jumped up on the side of a tree close by. Mr. Bullard, who was armed with a Henry rifle, shot and killed the cub. No sooner did the cub drop to the ground than the old she bear, which had been lying not over ten feet away, fiercely sprang at Mr. Bullard and before he could get out of her reach she was upon him, tore the clothing off from his person, lacerating the skin, and was proceeding to demolish him generally when his dog, which accompanied him, attacked the bear. The encounter between the dog and bear was fierce, lasting for half an hour. As they rolled and tumbled over each other down the hill, the bear would occasionally shake off the dog, when Mr. Bullard would have an opportunity of giving the bear a piece of cold lead from his rifle. In this manner he shot the bear three times. The dog became exhausted and gave up the fight, while the bear started off through the brush. Mr. Bullard fired several more shots, but did not hit her. The next day Mr. Bullard and several companions found the dead body of the bear, about a mile from the place of the encounter. The cub weighed 105 pounds, and the old one 400.

Always Wipe Off the Anvil

It is a wonder that no one here was injured during the anvil-firing campaign which has just closed. Small boys were intrusted with the patriotic duty of firing salutes, and were very reckless in regard to powder. They could be seen pouring powder from an open can with sparks from a bonfire whirling about their heads. A Winnemucca man has been less fortunate. One of his eyes was injured by a scale of iron from the face of an anvil which he was using for firing a salute. He neglected to wipe off the anvil after firing, and the next shot scattered the scales, one of them striking him in the eye, and becoming imbedded in the cornea. He has gone below for medical treatment.

A Correction.

The Carson *Times* recently reflected unjustly upon the treatment which the brakeman Martin, who died of small-pox, received in Reno. Last night it apologized in this way: "Mr. Martin, it appears, was removed to the hospital in the day time, when the sun was shining, and had every possible care and attention. Mr. Verrill, conductor of the V. & T. through passenger train, was unremitting in his attentions to the unfortunate and lamented Martin. We are advised by parties in a position to know that he provided an extra nurse, underclothing, bedding, etc., and spared no trouble or expense to supply every possible comfort."

Personal.

Senator Jones went below last night.

W. R. Chamberlain is home again.

Miss Nellie Hilliard has come from New York to live in Reno at the house of her brother, Samuel Hilliard.

Gen. Kittrell proposes to take up his residence in Reno. He is going to Bodie for a short time to settle up his business there.

N. W. Roff is a candidate for the office of Journal Clerk of the State Senate, a position which he has before filled with credit.

BY TELEGRAPH.

The Vote of Lassen County.

Susanville, Gov. 8.

The official count of Lassen county is: Garfield 323, Hancock 301, Weaver 64, Dow 2, Knight 317, Berry 342, Musselman 29. For Assembly: Fiske 333, Kellogg 326, scattering 7. Expect Modoc Thursday night.

Congressional Speculations.

Washington, Nov. 9.

All sorts of speculations are rife as to the coming administration of General Garfield, the organization of Congress, etc. It is said that Garfield will not resume his seat in the House, and that his successor will be at once elected. He will, of course, also resign his Senatorship, and it is thought Sherman will be a candidate therefor instead of remaining as Secretary of the Treasury.

Attorney General Devens will probably be elected to the Supreme Bench by the next Congress.

There is talk of the candidacy of Geo. Francis Dawson, formerly of California and late Librarian of the Senate, for Sergeant-at-Arms of the House.

Should Mahone, of Virginia, act with the Republicans, the Senate will be a tie before the members to be elected this winter will take their seats. This fact causes some anxiety to both sides, each of which naturally wishes to control the organization of that branch.

Garfield's Vote in the North.

New York, Nov. 9.

The *Tribune* says: Of all the Northern States three are claimed to have voted for Hancock. The State of Camden and Amboy by a plurality of about one thousand, the State of Bonanza Kings by a majority of about five hundred, and California, if at all, by a majority so small that a microscopic examination is needed to detect it. Beyond these, no Northern State is by anybody supposed to have voted for the Democratic ticket; and New Jersey was turned by a railroad company, Nevada by a millionaire, and California by a forgery so palpable that it would not have deceived the most stupid Celestial in Chinatown. Garfield goes into the Presidency with a clear majority of the popular vote, although sixteen States were counted and three more stolen by his opponents.

Contesting New York.

New York, Nov. 9.

The Republican headquarters are closed; the Democratic are still open. An important conference of the Democratic leaders was expected to be held last night. Randall, Thurman, Wallace, Hampton, McPherson and others were summoned by Barnum for the purpose of discussing the propriety of contesting New York on the ground of fraud. It is rumored that Hancock discourages the movement and has written a letter forbidding it. If the Board of Aldermen sustains Barnum, the count will go to the State Board of Canvassers, where Seymour, Democrat, will protest against counting the State for Garfield, when the matter will be taken before Congress.

The Republican Committee has issued an address declaring Garfield elected.

Crushed by an Engine.

Lathrop, Nov. 9.

A. J. Pelser, Central Pacific Yardmaster at this place, in getting on the yard engine at 5 o'clock this morning, made a misstep and fell under the engine, which passed over him, causing death in a few minutes. The deceased was a member of the Masonic Order, and the Masons have his body in charge.

Merely a Fizzle.

Chicago, Nov. 9.

A *Tribune* Hartford correspondent had a talk with Governor Jewell who said: "The country need apprehend nothing from all this cry of fraud. It is merely the work of Barnum and Kelly and it will fizzle out in a few days."

The 'Sun" on the New York Election.

New York, Nov. 9.

The *Sun* this morning throws a damper on Democratic spirits. It says: "We hear some talk about taking away the Electoral vote of New York from Garfield, to whom it belongs, and giving it to Hancock, to whom it does not belong. Garfield was legally elected. If he lives till March 4, 1881, he will be inaugurated. New York was counted for Hancock before election day largely on the strength of Kelly's protestations. Since that day, and on the strength of cold facts, it has been counted for Garfield. It is not likely to be counted for Hancock again at present."

Death From Small-pox.

Stockton, Nov. 9.

C. G. Hubner, a prominent and influential citizen of this city, died on Sunday of small-pox. Two of his children are down with the disease. Hubner was formerly a member of the City Council.

San Francisco's Vote—The Evangelist.

San Francisco, Nov. 10.

The canvass of the city vote by the Board of Commisioners was completed this morning but the footings are not yet made.

Moody and Sankey arrived to-day.

An Attempt to Burn Eureka.

An attempt was made to fire the town of Eureka last Monday morning. Shavings saturated with turpentine were placed under an unoccupied house and fired. Coal oil was thrown on two adjoining houses, both of which were occupied. Fortunately the flames were discovered in time, and the fire extinguished before any great harm had been done. The *Leader* recommends that the incendiary or incendiaries be treated to a halter if found. Should they be captured the recommendation will be very likely to receive attention.

An Old Friend in a New Place.

The Gazette presents the name of an old friend to-day, one who has done a great deal of business in Reno, and who, after quite a good rest, has concluded that there is no better place to set his stakes than here. Gen. Hagerman has fitted up a large double store on Commercial Row, and has filled it with a stock of groceries, hardware and provisions. No one knows better than the General what Washoe county and vicinity need. His goods are all fresh and pure, his prices low, and his old-time customers are hunting him up already.

Board of Pardons.

The Board of Pardons, in session on Monday at Carson, commuted the death sentence of Frank McIntire, of Pioche, to imprisonment for life. The applications of S. L. Nixon and John Stout were denied, and the application of James Rice was withdrawn on account of a technical defect in the notice given the District Judge and District Attorney.

Died of Small-Pox.

Thomas Henry died at Sacramento last Friday of confluent small-pox. He was telegraph operator at Blue Canyon, and a brother of Patrick and William Henry of Verdi.

Gentlemen's AND BOYS FINE FURNISHING GOODS.
☞If you go to the right place to get them. This is a mighty important point, for some people who assert that they sell cheap do nothing of the kind. We do not boast when we say that we defy competition in prices in anything in our line. Besides this we have only one price. We have no preferred customers. Everybody is treated alike at our establishment. Our stock is the largest and most complete ever offered in any part of this State. Everything we have is new. No old, musty and out-of date goods can be found on our shelves. We receive daily by rail and express the latest and best goods, which are obtained at first hand and sold at prices below those now prevailing in New York and Chicago. Let the people come and judge of our prices and examine our stock before going into those humbugging, Cheap John shops, in which they drum into the ear of the customer that they sell at cost and even below cost. Anybody with common sense must know that they lie. No storekeeper sells goods for the fun of the thing. We make a profit on everything we sell, as every honest merchant does, and don't print foolish falsehoods in the vain hope of decieving the public. One must make a profit to live. We particularly call attention to our full stock of fancy underwear, such as is kept nowhere else in Reno. This class of goods form one of our specialties. Orders from the country promptly attended to. Look out for the White Building with the Gold Sign.

DR. SPINNEY

NO. 11 KEARNEY STREET,
San Francisco, Cal.

Treat all Chronic and Special Diseases

YOUNG MEN

WHO MAY BE SUFFERING FROM the effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the alter of suffering humanity. DR. SPINNEY will guarantee to forfeit $500 for every case of Seminal Weakness or private disease of any kind or character which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty and sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sediment will often be found, and some small particles of albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

Office Hours—10 to 4 and 6 to 8. Sundays from 10 to 11 A. M. Consultation Free, Thorough examination and advice $5.

P. S. For private diseases of short standing a full course of medicines sufficient for a cure, with necessary instructions, will be sent to any address on receipt of Ten Dollars.
